Profile

I am a passionate programmer currently in the second year of my MCA, driven by a strong motivation to solve problems through thoughtful analysis and innovative solutions. I thrive on challenges and continuously seek to improve my coding skills across multiple languages and technologies. My skills include problem-solving, programming, logical thinking, and a deep enthusiasm for learning new tools and techniques to build efficient software.

Education

SHIPUR DINOBUNDHOO INSTITUTION, Howrah
B.Sc.(Hons.) Jul 2020 — Jul 2023
Ranked first in mathematics department.

Maulana Azad National Institute of Technology, Bhopal, Bhopal
MCA Jul 2024 — Jul 2027
C.G.P.A: 8.04

Technical Skills

Frontend: HTML, CSS, JavaScript, React
Backend: Node.js, Express.js, SpringBoot
Database: MongoDB, MySQL
Programming: C, Java
Version Control: Github

Soft Skills

Problem Solving, Critical Thinking, Team work, Adaptability

Projects

Chessify (React, CSS)
Developed an interactive chess UI using React and CSS that offers a smooth and visually appealing gameplay experience. This project showcases my skills in frontend development, state management, and UI/UX design.

Faculty Data Management System (React.js, CSS, Express.js, Node.js, Postgres[ql])
A web application built using React.js, CSS3, Express.js, Node.js, and PostgreSQL to efficiently manage faculty member data. It streamlines administrative tasks by enabling easy CRUD operations on faculty records with a responsive and user-friendly interface.pdf

E-Commerce Web Application (React, CSS, JavaScript, Spring Boot)
Developed a full-stack e-commerce web application using **Spring Boot** and **React**, featuring product management, customer accounts, cart functionality, order processing, image uploads, and RESTful APIs with DTO-based architecture.

Certificates

Participation Certificate of HP Power Lab 2.0 organised by Hindustan Petroleum Corporation Ltd.
